

Brass Chandelier Update II SHOPPING LIST

■ Old Chandelier	■ Ribbon
■ Mineral Spirits	■ Twine
■ Rag	■ Hot Glue Gun
■ Rustoleum Spray Paint	■ LED Lights
■ Painter's Tape	■ Saw Horses + Beam

A FEW TIPS!

- Get an extra can of spray paint. You can always return it if you don't use it.
- Find a partner to help you hold the light and to rehang it later.
- Turn off the power at the breaker. Double check that.
- Doing extra prep work and thinner layers of paint to make sure the paint dries evenly is worth the extra time.
